FURNITURE PLUS

THE BIG family CHRISTMAS is BACK

We've all missed making holiday memories with the extended family, so let it be known by all that this year the BIG Family Christmas is back! Furniture Plus is here to help make it the biggest and best holiday ever!

Let's talk 'Christmas potluck', where family and friends who are closer-than-relatives huddle round the holiday feast. Make room for them all with an expandable table from our full range of dining sets.

Maybe you have been thinking about an oversized sectional for the living room, or a TV upgrade for holiday movies--we've got you! We're also boosting kitchen capacity with big fridges and freezers to reduce grocery runs, and double ovens that let you bake more food at the same time. Save the hassle of cleanup with a high efficiency dishwasher that will have you sitting pretty, sipping something nice and enjoying your favourite dessert.

And now, for the first time, prepare your home for the holidays with our full-service, online store. Browse, price and save favourites, finance, even organise delivery and shipping without leaving home.

As a bonus, we're offering **NO monthly payments until January 2023** to qualified finance customers.

It's our way of helping you celebrate what matters most--getting everyone together again this holiday.

WINTER

SEASONAL *Style Notes*

The 2023 home design forecast is bold, dramatic, and earthy. All-white rooms draw warmth from wood and other natural materials. The colour wheel shifts from cool greige to camel and tan.

Dark woods make a comeback. Chocolate is the new black, though charcoal and inky blue remain strong, grounding features. Dramatic tones frame vibrant, saturated colours on everything from art to accent walls, on side chairs and consoles.

Greens are trending. The colour conveys calm, evokes life, and brings the outdoors inside. Try olive as a neutral base. Turn up the glow with chartreuse. Pick blues that lean toward teal. Take a cue from nature with shades of green that pull your room together.

STYLE CHECKLIST:

- Big, modular sectionals encourage versatile living arrangements
- Round tables and tabletop accessories convey fluidity and movement
- Velvety accent pieces and plush accessories convey comfort and glamour
- Maximalism gathers quirky collections with the homeowner's signature style
- Bold, ethnic textiles inspire sophisticated, travel-inspired spaces
- Checks and plaids, florals, and Mediterranean motifs pattern home accessories
- Little luxuries and calming personal rituals insist upon time and space for retreat

CHARITY of HOPE FOUNDATION

Give a small gift of hope this Christmas

This holiday, purchase a festive Candle of Hope and support The Seahorse Institute, helping children with autism and other developmental differences. 1 in 44 children have some type of autism and need special education.

Introducing the new, hand-poured Butterfly candle in a glass vessel. Our signature fragrance has citrus, wood and delicate amber notes. With over 60 hours of burn time, this candle makes an elegant gift.

Help us decorate our Tree of Hope. With a donation of one dollar or more (plus VAT), you'll receive an Angel of Hope. Write your name on the angel to show your support for hardworking children's charities, and we'll match your gift!

$1.00 Per Angel of Hope (VAT Excluded)

$14.00 Candles of Hope (VAT Excluded)

$32.00 Butterfly Glass Candle (VAT Excluded)

See how Charity of Hope giving has helped communities in The Bahamas since 2010 at **furnitureplus.com**
