IMPORTANT APPLIANCE GUIDELINES

ALL ELECTRIC APPLIANCES

All electric stoves, dryers, washer/dryer combinations, and air conditioning units of 12,000 BTUs or more **MUST BE CONNECTED TO A 220V OUTLET by a licensed electrician.**

Wires, plugs and electric outlets will be provided by the electrician.

The selected electrician is the sole responsibility of the customer.

Improper use or installation of these appliances will void all warranties.

ALL GAS APPLIANCES

All gas appliances **MUST BE CONVERTED FROM NATURAL GAS TO LPG by a licensed technician.**

A conversion kit that accompanies the appliance(s) will be provided to the customer by Furniture Plus Limited.

The selected electrician is the sole responsibility of the customer.

Improper use or installation of these appliances will void all warranties.
